“ Jim, Cole had a great week at camp. Thanks to you and your staff for being teachers of the game. We have been to clinics and camps where kids are run through drills and skated around cones. Your camp was different. The breakdown, repetition and teaching of skills was awesome. We saw improvement after the first day and were blown away with his growth after the week. Thanks for the supervision on and off the ice that created the effective learning environment. First Class Camp!! - Brian ”
